

## Call for projects

Your ceramics  
research in Europe;  
can we help?

# JECs Trust

## Next Deadline to apply for Mobility to the JECs Trust is 28th February!

**During its last meeting held in July in Krakow, the JECs Trust board has decided to launch 4 calls per year, starting in 2023, only for mobility applications.**

The new deadlines for the JECs Trust Calls for Mobility projects are now (every year - starting in 2023) : 28th February, 31st May, 31st August and 30th November.

Funding on mobility is mainly for visits by individual researchers to other laboratories within Europe for the purposes of learning new techniques or accessing equipment not available in their own laboratories.

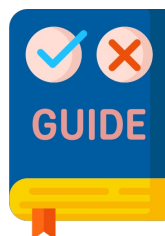

The JECs Trust board generally allows a per diem of 50 € to the applicant, the reimbursement of the travel expenses and 500 € per month to the host institute for up to 3 months maximum.

Please note that the decisions of the JECs Trust board will not be known before end of March 2023. **Activities submitted for the deadline of 28th February 2023 for Mobility support from the JECs Trust should then not begin before mid-April 2023.**
